Redtop						■	■	■				
Timothy					■	■	■					

Our area's pollen count is provided daily by Alabama Allergy & Asthma Center. Our pollen station and Burkard (pollen collecting machine) are located on the roof of our Homewood office. Alabama Allergy & Asthma Center's pollen count is the only count certified by the National Allergy Bureau for Birmingham and the surrounding area. Visit our website at alabamaallergy.com to see today's pollen levels!
